opening the door to a greener tomorrow

CRTC Anti-Spam Legislation - July 2014

New legislation goes into affect tomorrow, **July 1st - 2014**, to try to reduce the amount of spam communications and improve e-commerce security. You have probably seen several memo's from other suppliers regarding this.

Canada

We use email to communicate important information to our customers, including product updates and information and production schedules. We also have our monthly Router newsletter that contains valuable insight to our industry.

Customers receiving these emails will continue to, under the implied consent provision of this legislation. However, we have added an **unsubscribe** option to every email so that you can opt-out at any time.

If you have any questions or concerns, or are having problems with unsubscribing from our communications, please contact sales@mjwoodcrafts.com

**We truly appreciate your business,
and look forward to continuing to
communicate and work with you!**
