Wood Stain Colours Update

Our stock stain colour program has been reduced to the five most popular colours. As of May 12th, the following colours will be in stock:

- Cinnamon**
- Sage**
- Sienna**
- Peppercorn**
- Slate**

In an effort to address an ongoing concern with our Lead Times within our Finishing Department we have decided to change our approach to the Stain program. By limiting the amount of stain colours flowing into the department we should be able to increase or gain some efficiencies as a result. In addition to reducing the number of stock colours we will no longer offer Custom Stain Matching, which takes a lot of time and resources to manage. The 5 stock stain colours will be available in both 10 and 30 degree sheen. And don't worry, we will continue to offer a 10 or 30 degree Clear Coat as well.

M and J is constantly trying to improve it's products and services for the betterment of our Customers, If you have any questions regarding these changes please contact one of our Sales Reps. Thanks for your support, we appreciate your understanding in this matter.
